

ALTITUDE

BECOMING AN
ALTITUDER

BUILDING A COMMUNITY IN THE MOUNTAINS AND BEYOND THAT DRAWS PEOPLE TO THE LIFE-CHANGING LOVE OF JESUS

WHAT'S THE PURPOSE?

Our dream for Altitude is to be life-changers and nation-changers. By shattering perceptions of what people think about God and Christians, we will see people changed, ski-resorts changed, a generation changed, and ultimately nations changed. Altitude is home to people who love skiing, love Jesus, and love life. We'd like to welcome you in to share an incredible adventure. Watch God at work in the most unlikely of places, make friends for life, and grow so much stronger in your journey with God. It will be an unforgettable season.

Throughout the winter your main two activities will be making friends and skiing. It's by building relationships, loving and serving people, that we get to share life with them, and they get to see us living out our faith day to day. We do this on the solid foundation of living in community with other like-minded Christians, diving into God's word through Bible study, worship, as well as inspiring teaching and seminars. We want to equip you and challenge you to be all that God has made you to be, and take your faith to the next level.

WHAT DO YOU GET UP TO?

Being an Altituder is an awesome way of spending a year off. You will be living full time in a ski resort for nearly six months of the year, sharing in community with other Christians and growing in faith and worshipping our Creator! Every day is an adventure, and every day you'll be meeting amazing people. You'll join our Ski Angels team, you'll host our open chalet evenings, you'll ski most days and you'll help run the church service. If you can worship, you'll get stuck into the worship team, it is the engine room of Altitude and ties everything we do together!

Ski Angels

Just like street pastors in the UK, but on skis! We go out onto the slopes of Meribel to the après-ski bars to help those who have enjoyed the party scene on the slopes in whatever way they need, be that carrying skis, sharing directions or having a friendly chat! In some cases we have saved lives, as people pass out in the cold. You will be given full Outdoor First Aid training. As 1 John v 4 says "We love because God first loved us".

Chalet Days

Once a week we intentionally gather as a team to spend some time together and encourage one another. This often occurs through exploring the Bible through Bible studies, having teaching in a seminar, time of prayer and worship together, or just relaxing playing games.

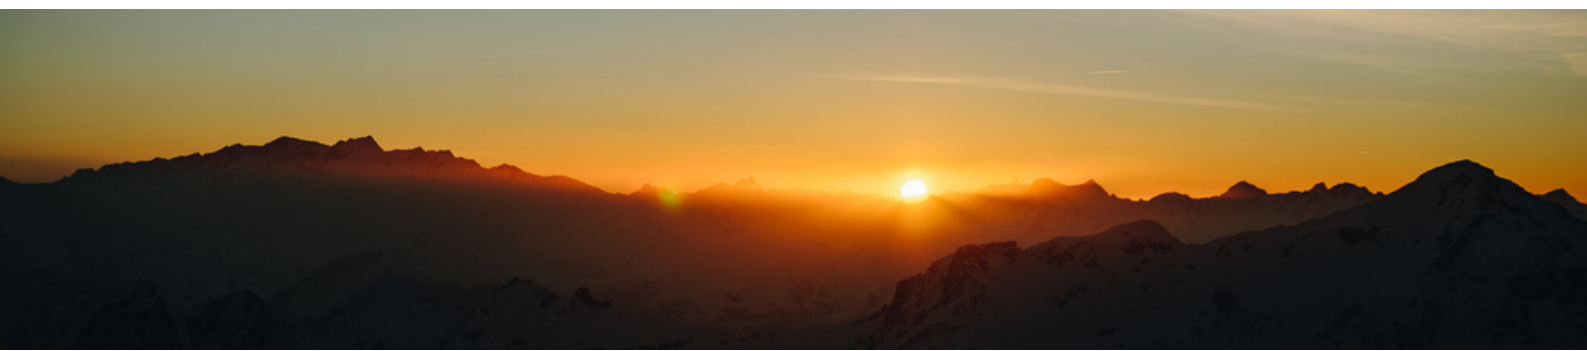

Open House Nights

One of the main priorities of being an Altituder is to build relationship with other seasonnaires in resort, to invite them to supper or a ski. We host a free beer and burgers night for seasonnaires - a great time just to hang out and get to know everyone better! Many of us head into town afterwards to carry on the evening.

Skiing

You'll have loads of time to free ski with friends, guests in the chalet and fellow Altituders. This is an awesome way of experiencing God's wonderful creation and all that the Three Valleys ski resort has to offer.

THE DETAILS

Where you'll stay

Chalet Altitude is a 31 bed ski chalet located in the centre of Meribel, in the heart of the 3 Valleys, just a 5-minute walk from the ski slopes.

You will be sharing a triple room with fellow Altituders and live in community along with the rest of the team, and the visiting Ski and Servers.

Cost

Altituder Season (Nov - Apr) £5,950.00

Further details can be found on our website.

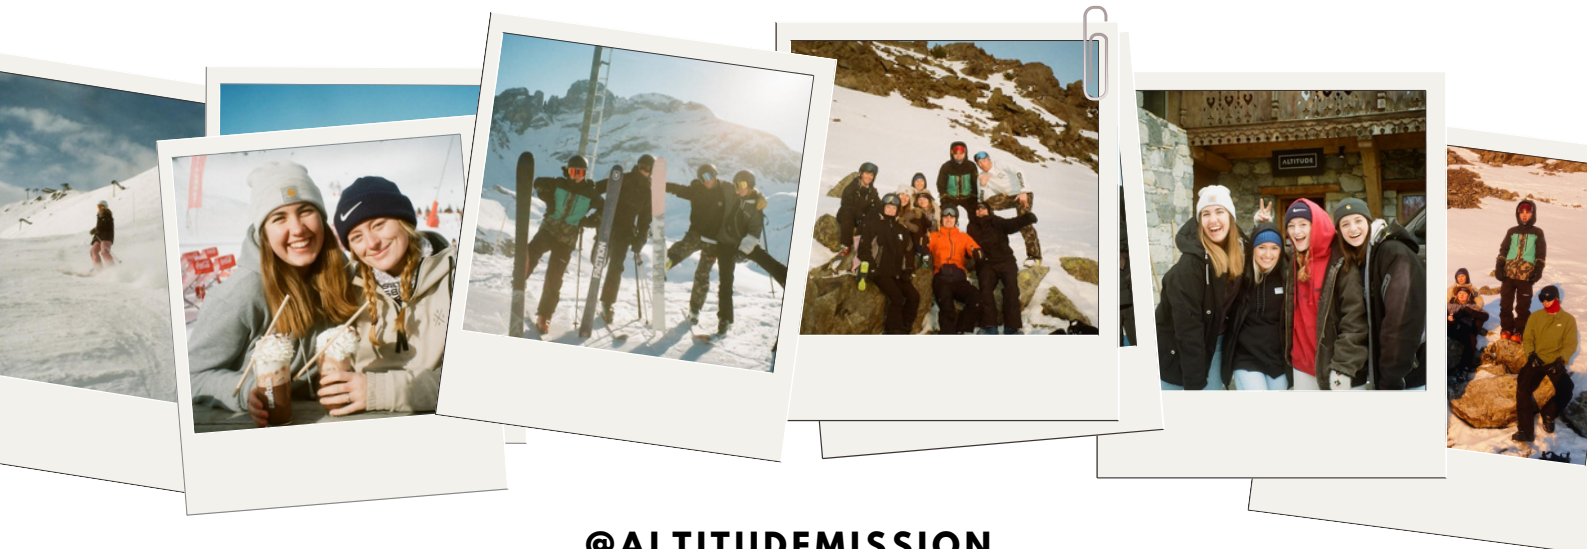

Chalet Altitude is run on a not-for-profit, cost-only basis and we don't want the price of the season to be prohibitive, so if you need financial help please do get in touch.

You will be doing mission work, so you may want to apply to your church and church members for financial assistance, or there are grants available from Christian funding organisations. Please contact us for more information, and see our T&Cs for payment details.

“ What an incredible place, to not only be able to ski in one of the best resorts in the world, but to also be part of a church that is passionate about the community. Altitude Mission effortlessly combined living for Jesus everyday while having an incredible space to enjoy God's creation. 100% recommended it to anyone who is considering it. ”
